

December 22, 2020

Dear Residents/Responsible Parties of ECC & Assisted Living,

We have wonderful news! We have a scheduled date for the Covid-19 Vaccine distribution. Clarewood House is partnering with Walgreens pharmacy to provide the Covid-19 vaccine to all residents, staff, essential care givers and healthcare workers for our residents. **Vaccinations will be given on Wednesday, Dec. 30th** for the 1st of 2 required doses. The 2nd dose is scheduled for Wednesday January 20th, 2020. If you are not available on December 30th don't worry, you can get your first shot on January 20th and 2nd shot on February 13th.

There are two forms to be completed and an information fact sheet about the Pfizer Covid-19 Vaccine. (see attached). There is an X placed on where you need to sign or complete.

The vaccine is free, but the pharmacies will bill Medicare Part B or your advantage plan for the shot administration. If you do not have coverage, don't worry, you will still get the vaccine through a government program for uninsured.

IT IS URGENT THAT YOU COMPLETE, SIGN THE FORMS, AND FAX, E-MAIL OR RETURN THEM TO US IN PERSON ASAP, BY DECEMBER 28TH. YOU CAN ALSO COME TO THE FRONT DESK TO SIGN THE FORMS.

WE REALLY WANT TO GET EVERYONE VACCINATED ON DEC 30!

Everyone is highly encouraged to be vaccinated, as elderly adults are at the most risk. According to the FDA, the most common side effects among participants in both the Pfizer-BioNTech and Moderna phase 3 clinical trials were:

- Injection site pain
- Fatigue
- Headache
- Muscle pain
- Chills
- Joint pain
- Fever

However, these reactions are “temporary,” and they usually “self-resolve” within a few days.

Please note: If your insurance changes in January 2021, we will need to get your new card information. Please send or drop off your card at the front desk, so we can make a copy.
